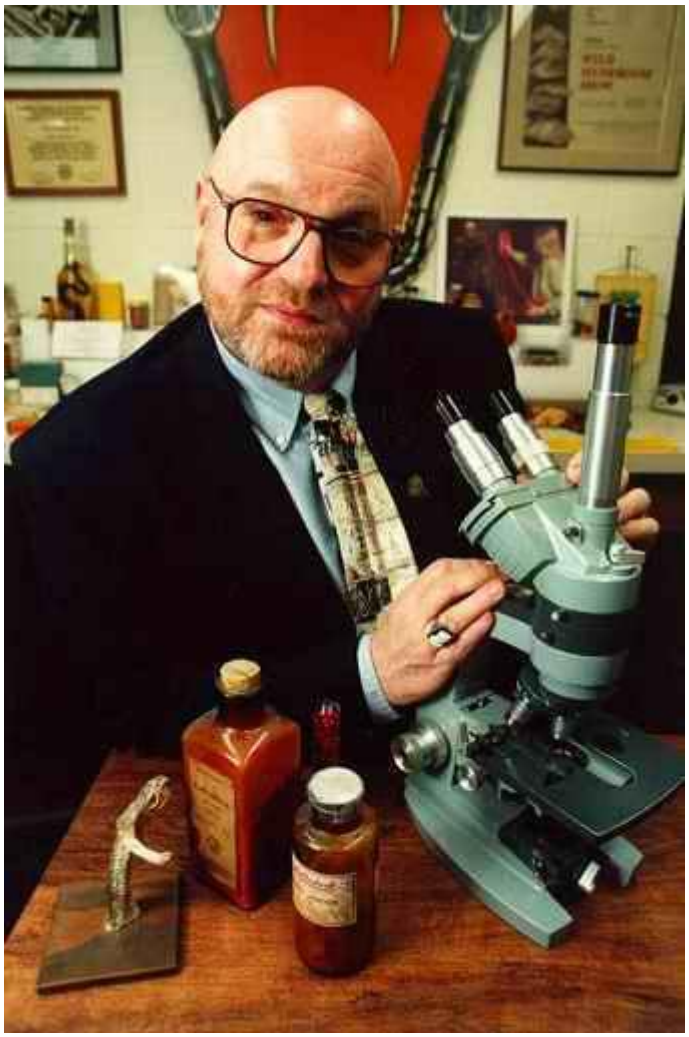
FOUNDER EDITORS

Professor Tsuneo Suzuki
ATELIER S
Iida Nishi 4-7-33
Yamagata, 990-2331
Japan
E-mail Prof. Suzuki

Professor Tsuzuki was born in 1933, and graduated from Tohoku University School of Medicine in 1958. In 1959, he joined the same University as an Assistant in the Department of Forensic Medicine. He became Assistant Professor of Forensic Medicine in 1972. In 1975, he moved to the Department of Forensic Medicine, Yamagata University School of Medicine as a Professor, from where he retired in 1999. Currently he is Professor Emeritus in the Yamagata University School of Medicine. Professor Tsuzuki has been very active in the field of forensic medicine, having more than 150 research publications in various International Journals.

John H. Trestrail, III, RPh, FAACT, DABAT (Toxicologist)
Center for the Study of Criminal Poisoning
Toxicology Section
1840 Wealthy, S.E.
Grand Rapids, MI 49506-2968
USA
(voice)

E-mail Mr. Trestrail



Mr. Trestrail graduated with honors, obtaining a B.S. degree in Pharmacy, from Ferris State University, Big Rapids, Michigan, in 1967, where he was initiated into Rho Chi (Pharmaceutical Honors Society). From 1967-1968, he attended graduate school, majoring in natural product chemistry, at the College of Pharmacy, The Ohio State University, Columbus, Ohio. Mr. Trestrail's public service experience was with the United States Peace Corps, from 1968-1970, where he taught chemistry at the University of the Philippines College of Agriculture, in the Republic of the Philippines. He is a practicing boarded toxicologist, and is a visiting instructor at the FBI National Academy in Quantico, Virginia. Since 1976, he has served as the Managing Director of one of the nation's certified regional poison centers. He has been honored as a Fellow by the American Academy of Clinical Toxicology, and is a

Diplomate, by examination, of the American Board of Applied Toxicology. Mr Trestrail founded the Center for the Study of Criminal Poisoning, as well as the Toxicological History Society, and has been featured in several episodes of "The New Detectives", on the Discovery Channel. He is a participant in the International Program on Clinical Safety, of the World Health Organization (WHO) . Mr. Trestrail has also served as an expert consultant in many criminal poisoning investigations, to law enforcement and attorneys. Since 1990, Mr. Trestrail's seminars on "Murder by Poison!" and "Poisoners Throughout History", have been received with wide acclaim by audiences throughout the United States, Canada, and Europe. He is the author of the pioneering book - Criminal Poisoning: An Investigational Guide for Law Enforcement, Toxicologists, Forensic Scientists, and Attorneys, published by Humana Press. Mr Trestrail is a member of the several professional organizations some of which are The American Academy of Clinical Toxicology (AACT), The American Association of Poison Control Centers (AAPCC), The International Association of Forensic Toxicologists (TIAFT), The International Homicide

Investigators Association (IHIA), The International Society on Toxinology (IST), The North American Mycological Association (NAMA), The Society of Forensic Toxicologists (SOFT) and The Toxicological History Society (THiS)

Bryan Chrz
Forensic Odontologist
503 14th Street
Perry, OK 73077
USA
Contacts:
; ; ;
E-mail Dr. Chrz

Dr. Bryan Chrz has a private dental practice in his home town of Perry, Oklahoma. He graduated from the University of Oklahoma College of Dentistry in 1978. Along with his wife Billie, they raise four children, six dogs and two cats. Dr. Chrz is a member of the staff of Perry Memorial Hospital, Dental Consultant to the Office of the Chief Medical Examiner of the State of Oklahoma, Independent Medical Examiner for the Workers' Compensation Court of the State of Oklahoma, and consults for Kenyon International Emergency Services.

Dr. Chrz is a member of Omicron Kappa Upsilon and Alpha Omega both honorary dental fraternities. He is a recipient of the Masonic Lodge's Good Citizen Award. He received numerous

certificates of recognition for his activities during the Alfred P. Murrah bombing including a proclamation from the Governor of Oklahoma and a certificate from the U.S. Department of Treasury and U.S. Customs. He was honored by the Oklahoma Dental Association with the Benjamin Franklin Scroll Award for his contributions to the ODA Journal.

Dr. Chrz has been interested in forensic odontology for the past fourteen years. He is a member, past director, and reviewing editor of the American Society of Forensic Odontology. He is a fellow of the American Academy of Forensic Sciences. Dr. Chrz is a diplomate and officer of the American Board of Forensic Odontology. He is a member of the DMORT region VI team and was activated numerous times for disaster response. He has written numerous articles and is active in lectures across the country on forensic odontology and computer assisted identification. He is currently working on digital radiography and photography applications in forensic investigations. Most recently he was activated by DMORT in response to the Hurricane Floyd damage in North Carolina. He also acts as an expert witness in criminal and civil trials.

O.P. Jasuja

 Zeno Geradts
Department of Digital Evidence
Netherlands Forensic Institute
Volmerlaan 17
2288 GD Rijswijk
Netherlands

E-mail Zeno

Zeno Geradts works since 1991 at the Netherlands Forensic Institute. After a study of Physics, he worked for the research department for the development of digital photo copying machines. In 1991 he started at the

toolmarks department of the Netherlands Forensic Institute. Here he handled over 300 cases in four years, and did research projects on digital storage of images of shoeprints and toolmarks. In 1995 he switched to the firearms-department, and worked on digital image systems for cartridge cases. In 1998 he moved to the computer crime department, and worked on forensic video processing. In 2000 he became research co-ordinator of digital evidence projects, and since 1998 he is working on a PhD-thesis on pattern recognition in digital image databases.
