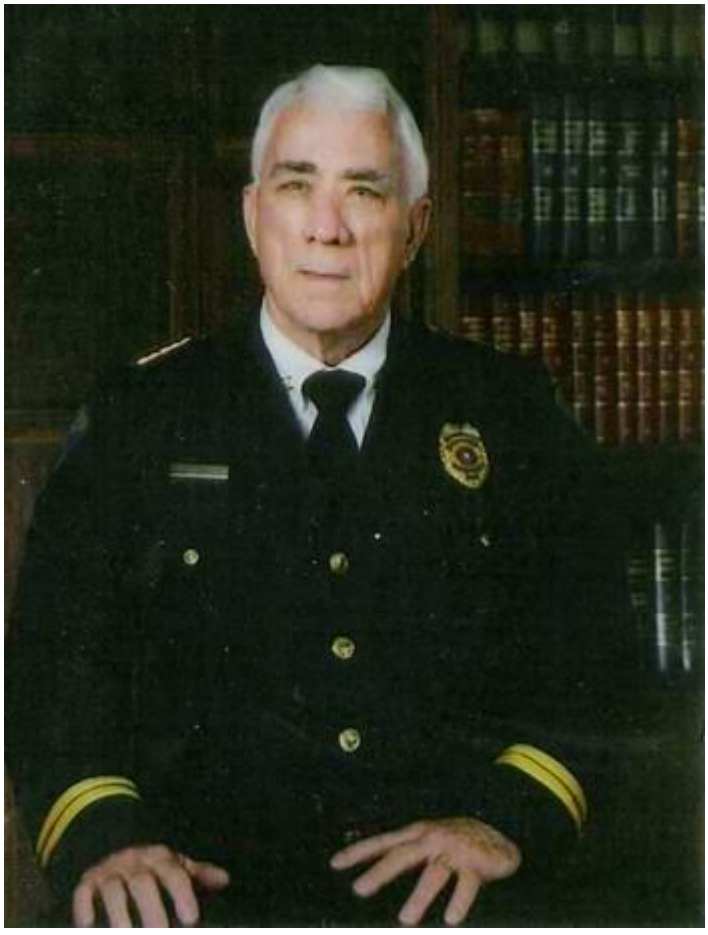
Forensic Analyst
Police Chief Emeritus

Dear Prof. Aggrawal

Dr. Cecil Wingo, USA



Thanks for what appears to be a valuable adjunct. There is obvious commitment of time and expense for which I express my appreciation. Just now I am looking for any papers on the suicide of Indian males, either domestic or expatriates. I've just run across one that describes the Indian male expatriate in the UAR to have the highest suicide rate. It is rather truncated and is more a news item that a paper. I would appreciate any recommendations and will be happy to reciprocate.

By the way Harminder Narula, MD, Forensic Pathologist and Associate Medical Examiner of Harris County, Houston, Texas and a native Indian and I worked together some 15 years. I am sorry to say to say that I do not know the part of the Indian nation from which he comes. Should I be able to help in anyway please put me down for the task.
