Dr. Krishna in his above book will bring before you a Body of Knowledge that would be a literal wonder of aid he made order out of the shambles of Marriage problems facing Psychology and Medicine and Society.

Since men and women have pretended unity but by presence of two minds and opinions many marriages have fallen apart, probably this time more than before. Dr. Krishna has studied this, and believes so. He at least defined a common ground for compromise, in overcoming this.

For problems of marriage and solutions he has climbed the dangerous and cold Mt. Everest as he isolated and identifies the failure of marriage. It is because for happiness. He offers a plan of identification of Marriage problems. The guidelines of this book take a couple to the crux of problems:

He has thrown wide open that door, the door to ECSTACY, ECSTACY, THE BINDING AGENT OF BLESSED SEX.

He describes a blessed marriage, or how to make a marriage blissful, such that there is wonder togetherness. Sex being the hull of the wheels of love he summarizes this by what he calls the pillars of marriages:

- TRUST
- SHARING & CARING
- COMMUNICATION
- LOVE & SEX:

With clear understanding of the above he talks of six stages of marriage as:

- HONEY MOONING
- SHORTCOMINGS
- WHEN CHILDREN ARE BORN
- WHEN CHILDREN HAVE GROWN UP
- WHEN COUPLES HAVE GROWN OLD

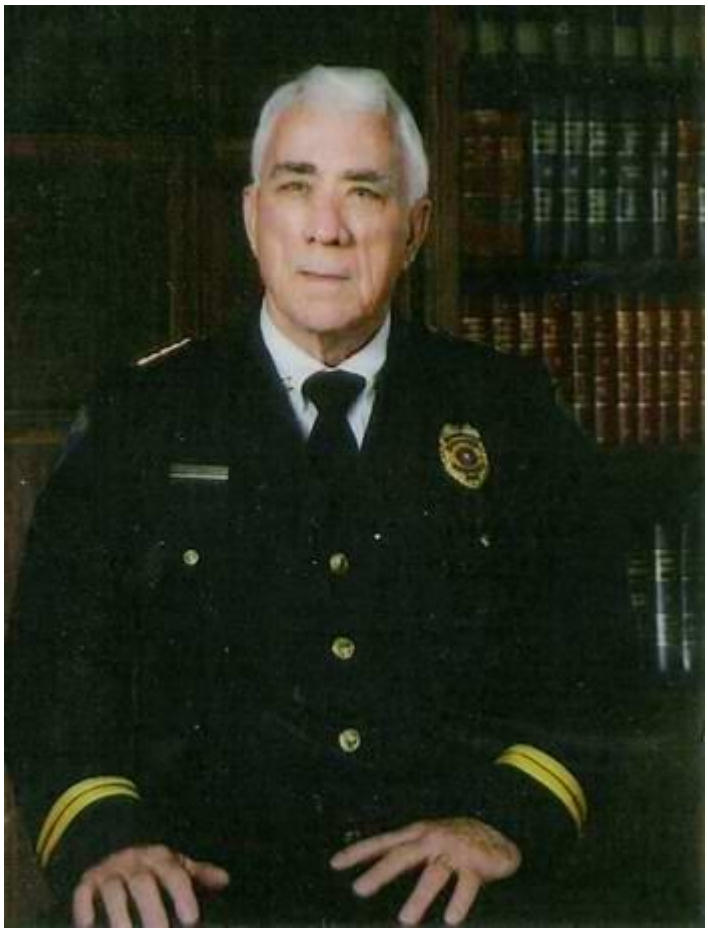

For each of these, there is recognition of symptoms and diagnosis. In this day: when infidelity is fast becoming the norm of this society.

This book, the findings and suggestions pointed up by this work is an absolute must for those contemplating marriage, married couple, sex therapist, teachers, a prize for literature world.

Be too little to match the worth of this book of research, laboratory and field, the insights and sensitivities. This book could be the instrument of turning around or reducing the incidence of the cowardice found in the unmarried.

I give this book the highest ratings with the prayer that one day it will return to our days of 1930's, 1940's in the moral sense.
